# Avanti School Of Excellence

Where Dynamic Modern Education Meets Vedic Culture

## VISION »»

Avanti School of Excellence vision is to create an environment where children apply academic knowledge, critical thinking and spiritual education to become ideal leaders of the society.

## MISSION »»

The Avanti School of Excellence strives to maximize every child's potential to realize their moral, spiritual and academic capabilities in a welcoming, secure and supportive environment centered on understanding and practicing diversified culture and various traditions. The school enables children to enjoy learning, develop character, acquire competence to excel and succeed in an ever-changing world. Through this special kind of education, they can experience spiritual and personal fulfillment. In order to achieve this mission, we focus on the following principles-

### 1. Academic Excellence:

The school will strive to provide a dynamic learning environment that fosters intellectual curiosity, critical thinking and a passion for lifelong learning. The school will enable students to become confident, think on their own, relate to others who are around them, develop deep moral values, and thus provide a solid foundation for their future well-being.

### 2. Character Development:

Whatever is planted in the hearts of children in the beginning years of their education creates the foundation of their character. We strive to nurture character and conduct consistent with ethical values, most notably respect, empathy, honesty, self-esteem, discipline and appreciation of the divine.

### 3. Sense of Identity:

There will be an emphasis on the significant roles of free choice, exemplary role-models, loyalty to tradition and above all - a spiritual identity that unites all living entities.

## VALUES »»

The three core values of the school are **Eminence, Virtue & Devotion.**

## SCHOOL PLAN & PROFILE

Avanti School of Excellence is a private school administered by Krishna-Avanti Education Society whose aim is to promote sustainable educational projects that are based on spiritual philosophy and discipline.

The School works with ISKCON Ujjain as the official spiritual advisor. The role of the spiritual advisor is to advise the School on aspects of how a spiritual culture can be integrated and taught within the modern education system.

It will be a three story building, approximately 30,000 sq. ft. There will be twenty-five classrooms in the school. Each classroom accommodates around 25-30 children. The school will also have eight

big rooms. It will include- two libraries (one for beginners and one for advanced student), one principal's office, two staff rooms (male and female), and three indoor playrooms for children. There will be around 700 students admitted in this school.

Students of Avanti School of Excellence will have access to the latest technology. They will be taught with the most advanced state of the art computer systems. There will be open space in the center of the building and some land surrounding the building.

Our next school project after the primary school is subsequent level of education for students to continue studying further. It is our intention to build a residential school with boarding facility in the near future.

M. Tech in VLSI & Embedded Systems  
Master of Education

### SPIRITUAL ADVISOR:

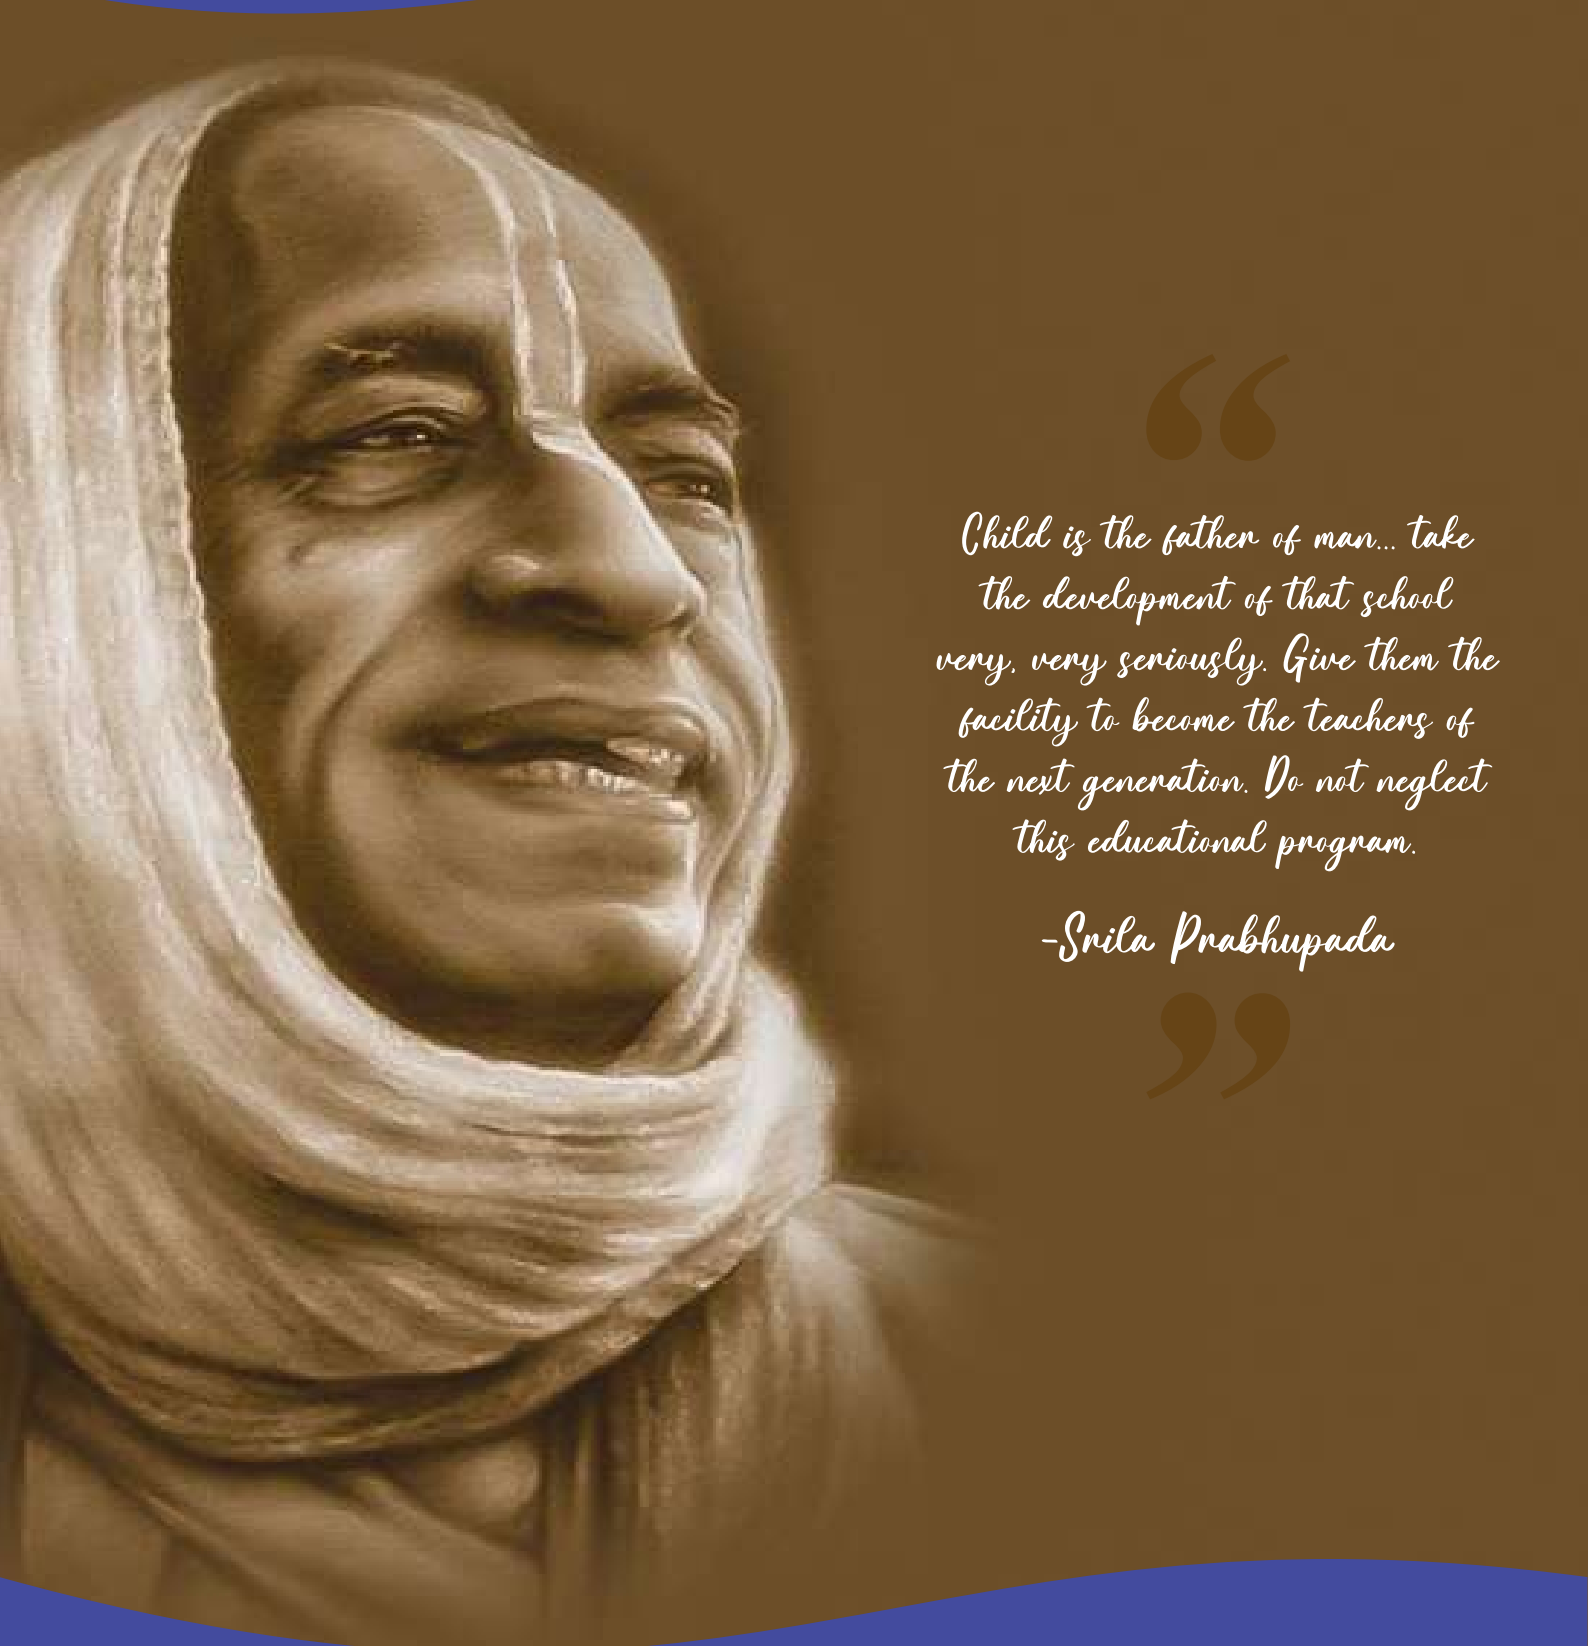

ISKCON, UJJAIN

## Ujjain/Avanti: More than 5000 Years of Educational Excellence

Ujjain/Avanti is the place where Lord Krishna got education with Balarama and Sudama from Maharishi Sandipani. At Avanti, they learnt 64 arts in 64 days.

In ancient times the city was called Avanti. As mentioned in the Vedic scriptures like Mahabharat, this city used to be the Prime Meridian for Hindu geographers since the 4th century BC. Ujjain is one of the seven sacred cities and the Kumbh Mela is held every 12 years. It is also home to Mahakaleswar Jyotirlinga, one of the twelve Jyotirlingas of Lord Shiva.

There is an interesting tale behind sanctity of the city. Its origin is ascribed to the legend of Sagar Manthan (churning of the primordial ocean to discover the pot of nectar). After the nectar was discovered, there was a quarrel between the gods and the demons to have the nectar first and thus attain immortality. Gods and demons fought in the sky for the pot of amrita. It is believed that during the battle, Lord Vishnu flew away with the Kumbha of elixir spilling drops of amrita at four places: Allahabad, Haridwar, Ujjain and Nashik. So, a drop of amrit nectar spilled and fell on Ujjain, thus making the city sacred.

“

*Child is the father of man... take the development of that school very, very seriously. Give them the facility to become the teachers of the next generation. Do not neglect this educational program.*

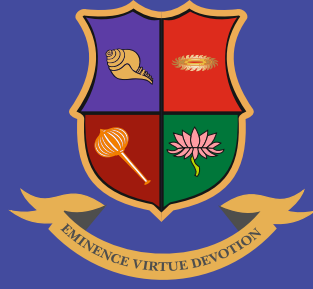

*-Srila Prabhupada*

”

## VISION

Avanti School of Excellence vision is to create an environment where children apply academic knowledge, critical thinking and spiritual education to become ideal leaders of the society.

## MISSION

The Avanti School of Excellence strives to maximize every child's potential to realize their moral, spiritual and academic potential in a welcoming, secure and supportive environment centered on understanding and practicing their Indian culture. The school enables children to enjoy learning, develop character, acquire competence, and prepare for the responsibilities of adult life. Through this special kind of education, they can experience spiritual and personal fulfillment. In order to achieve this mission, we focus on the following principles-

1. Academic Excellence
2. Character Development
3. Sense of Identity
4. Health Consciousness
5. Environmental Responsibility
6. Social and Community service

## VALUES

The three core values of the school are Eminence, Virtue & Devotion

## CURRICULUM AND SCHOOL DAY

The School will have its own designed curriculum. Where appropriate, spiritual teachings will be seamlessly woven into various curriculum subjects. For language, the school will teach Sanskrit as

classical language. Physical curriculum will also be there. The school's future ground will have a grass playing field. Music, dance, drama lessons and Indian Instruments will be taught in both Indian and western styles. World religions will be taught to give the student a global perspective with focus on spiritual and ethical teachings. The students will visit places of historic or scientific interest and there will be extracurricular activities on a regular basis including classes on musical instruments, sports, drama, art, dance, martial arts etc.

#### **Academic Opportunities:**

A team of highly skilled and experienced educators will ensure that our students have an educational advantage. The school will adopt an innovative approach in implementing the curriculum. The school will offer learners a range of excellent facilities which include a computerized resource center, a lecture/seminar hall and library which enables students to explore a vast range of career opportunities.

We are committed to academic excellence and we instill a love of learning in a caring environment to give the best possible start. We will offer small classes, individual attention and holistic development of each child.

#### **Leadership**

We believe that students leadership is vital component for discipline and management of the school. We focus on developing the leadership skills and capabilities of all our students holistically.

#### **Sports**

Success through participation is the vision of our games and sports department and this objective allows the sports department to identify and develop skills in every student. Achievements in sports plays a vital role in overall development of the students.

#### **Extracurricular**

The students will be able to choose from a rich variety of extracurricular activities to explore hidden skills and aptitudes in an enjoyable process of self-discovery. Students will be encouraged to participate actively in the community and outreach projects.

#### **Community Affairs**

Students will be encouraged to contribute significantly to charities and involve themselves in visits to old-age homes, orphanages and hospitals. This community involvement of the child will be recognized with prizes at award ceremonies. This way the school will strive to develop a well-rounded student with a heart to have care and concern for others.

#### **Cultural Activities**

Cultural activities at our school are vibrant and diverse, incorporating a rich tapestry of spiritual practices alongside traditional arts. Kirtan, the melodious chanting of devotional songs, resonates through our halls, fostering a sense of unity and devotion among students. Dance forms, ranging from classical to folk, showcase our cultural heritage and artistic expression. Festivals are celebrated with great enthusiasm, providing students with a hands-on understanding of our customs and rituals. These activities not only enrich our students' cultural understanding but also nurture their spiritual growth, creating a harmonious and inclusive environment.

#### **How do we differ from other schools?**

1. Our school is at Ujjain/Avanti Dham where Lord Krishna, Balarama and Sudama chose to go to school.
2. High educational standards.
3. Superb facilities & latest technological learning tools.
4. Spiritual values.
5. Vegetarian
6. Environment Friendly
